INTERNSHIP EXPERIENCE

Bridge UX Studios (Intern)

I have worked hard to propose more challenging initiatives because of my UI/UX design expertise, I grew interest in creating online and mobile app UI/UX, as well as other designs. I achieved 100% client satisfaction while also meeting deadlines. I continually strived to be innovative and seek out difficult jobs.

Soft Skills

Strong Communication Skills,Leadership,Adaptive Problem Solving,Teamwork Management and Strategic-Relationship Building

PROJECTS

◆ **Croma Mobile App Design**

- Croma mobile app design is a global e-commerce brand in which we had received the mobile app design and we constructed each from start to finish which includes bringing their website into use and lets us know where all users are finding the difficulties and finding the answers in their mobile app

◆ **Masterclass Mobile App Design**

- Master class mobile design, since we had received this projects with no reference, we needed to identify all of the stuff as per the client's requirements. This app was basically an education platform that was basically for designers and included all forms of design.
